Subject: Division Directive to Amend Notice of Intention or Reclaim, Great American Land & Cattle, Inc, White Mountain 2 Mine, S/001/0052, Beaver County, Utah

Dear Mr. Engh:

The Division of Oil, Gas and Mining has been notified by the Bureau of Land Management that the BLM's authorization to mine at the White Mountain 2 mine has expired, and that reclamation is required. Under rule R647-3-102, a Notice of Intention to Commence Small Mining Operations remains in effect for the life of the operation. The Division considers the life of the operation to have ended when an operator no longer has right of entry or other required approval to conduct operations.

You are directed to take one of the following actions within the time frames specified:

- 1) By December 15, 2014, provide evidence of reauthorization by the BLM,
- OR
- 2) By December 15, 2014, regrade and seed all mining-related disturbances. Seeding should be done on freshly-roughened soil.

The Division understands that you plan to reclaim the site this fall. Enforcement action is likely if reclamation does not occur by December 15, 2014.

Please contact Peter Brinton at 801-538-5258, or me at 801-538-5261 if you have questions or concerns about this letter. Thank you for your cooperation.

Sincerely,

Paul B. Baker
